## H2::: A STEP-BY-STEP GUIDE TO MR GEEKS WORK PROCESS

1. Right after we get a call, we request an appointment with the customer. Our onsite engineers can come over at your home, office, or shop in Brisbane for a quick diagnosis.

2. Once we have figured out the possible glitches with your laptop/PC, our team will offer an estimate. The estimate will clear, transparent, and will mention the fault in detail.

3. If new hardware & software need to be installed, we will offer an estimate on that, as well. When it comes to transparency, we are the best in offering no-obligation estimates for Computer Repair In Brisbane.

4. After the customer has agreed to the repairs, our onsite engineers will do the needful, and if parts are to be procured, we will be seeking an appointment. You can be right there, checking the work we have done.

5. We also offer PC scans, software installations, and laptop checks. If your system has been running slow, get our team to do a diagnosis!
